

# Technical Data Sheet

# Ravasol 341-S

## *Dispersing Agent*

## Description

Ravasol 341-S is the Sodium salt of a Maleic Anhydride copolymer.

## Applications

Ravasol 341-S is a versatile pigment dispersant for water-based coatings with high dispersing efficiency of inorganic pigments. It enables excellent gloss development / stability and film properties. It can be used successfully in a wide variety of applications, which include:-

- Low VOC paints
- Textured coatings and plasters
- Primers
- Interior and exterior coatings, matt through to high gloss top coats

## Properties

Property	Specification
Appearance	Colourless to pale yellow
Solids Content	25-27 %
pH (1:1 DI water)	9-10
Viscosity (Brookfield)	25– 80 cps

## Packaging

- 120 litre UN-standard plastic drums
- 1000 litre Intermediate Bulk Containers

## Shelf Life

When stored / un-opened in the original packaging and protected from direct sun light at 5-25°C the shelf life exceeds 6 months. If customer's storage conditions are not aligned to these parameters, then tests should be carried out to determine the shelf life under alternative and specific storage conditions.
